All data come from the *Open Doors Report on International Educational Exchange*, Institute of International Education (IIE) with the exception of the percentage of students, which was calculated based on each institution's fall enrollment data available on their websites. While the above are overall national rankings, IIE also ranks based on the 2010 Carnegie Classification of Institutions of Higher Education.

This and other international education reports are available on the Public Partnership & Outreach website, Global Program Support link:
